3M Health Information Systems is a global provider of medical records coding, terminology, and reimbursement solutions designed to improve clinical and financial performance.

Our innovative software and consulting services focus on solutions for clinical documentation improvement (CDI), computer-assisted coding (CAC), ICD-10 education, and outsourced coding and CDI services.

The 3M™ 360 Encompass™ System is a powerful CAC and CDI tool—automated intelligence for documentation improvement and coding built on trusted logic and methodologies for linking clinical and financial data. It connects and automates both coding and documentation improvement—two of the most critical issues related to ICD-10.

Sometimes you need a little help...

- **Coding Services**
  CCQM™ (Continuous Coding Quality Monitoring) — Ongoing, tailored, coding review that analyzes your coding results and corrects errors in real-time
  Coding Services — Customized, remote coding by experienced and credentialed staff with productivity standards set by record type; our staff is trained in ICD-10

- **Educational/Mentoring Services**
  ICD-10 Training — Pre- and post-training assessments combined with remote, live, interactive classroom and simulated practice charts for ongoing practice in ICD-10
  Amphion U — Interactive self-paced ICD-10 training is designed to enable students to tailor courses to meet individual requirements in addition to being SCORM compliant
  ICD-9 Training — Reinforce concepts, outpatient to inpatient or transcriptionist to coder

- **Technology**
  Themis Cloud™ — Offers remote coding solution with easy, cost-effective and secure access in a non-EHR environment
  Triton Cloud™ — Transform the spoken word into valuable documents through the use of speech understanding, natural language processing and discreet data identification

- **Transcription Services**
  Guaranteed turnaround times for backlog, partial or total outsourcing provided by experienced, U.S.-based medical language specialists in a remote setting with secure, web-based management reporting tools

- **Quality Solutions**
  Core Measure Abstraction — Accurate, consistent and cost-effective abstraction with an unbiased eye
  Clinical Data Registries — Dedicated abstractors assure consistent data collection

Sometimes you need a little help...
Take Control of Your Coding Needs

Career Step offers the planning and education resources required to build the long-term coding education strategy you need to be successful through ICD-10 and beyond!

- Assess retention of ICD-10 education
- Reinforce ICD-10 training gaps through online, webinar, and onsite training
- Prepare physicians for ICD-10 documentation
- Transition existing coders to inpatient or specialty coding
- Provide new coder training in I-9 or I-10
- Hire Career Step medical coding graduates

See why some of the largest names in healthcare have chosen Career Step as their EDUCATIONAL PARTNER.

eCatalyst was built on the foundation of knowledge, expertise, and visionary HIM leadership. We deliver the right people, processes, and professional service to our clients, on-time and within budget – guaranteed.

Remote Coding
• Hospital and professional
• Backfill, ICD-10 support, complete department outsourcing

Code Auditing
• ICD-9, ICD-10, professional
• Audit your dual coding efforts
• DRG, MS-DRG, APC, inpatient and outpatient

ICD-10
• Planning, education and implementation
• Computer Assisted Coding (CAC) implementation
• Revenue integrity post go-live

Strategic Consulting
• HIM workflow analysis and operational assessments
• Strategic consulting
• Interim HIM and coding leaders

eCatalyst brings together the best coding and audit experts to drive significant results for your HIM department and your bottom line.

Remote Coding Solutions
Domestic, international or hybrid options
Temporary staff or complete outsource
Dual coding – Hospital & Professional

Coding Quality Reviews
DRG – MS-DRG – APC – Inpatient – Outpatient
ICD-10 – Dual coding – Compliance education
Hospital & Professional

Strategic Consulting
Clinical documentation gap analysis
CDI program tune-up – Change management
Workflow analysis – HIM operations evaluation

ICD-10 Readiness
Documentation audits – Dual coding reviews
End-to-end test coding
Gap analysis – Readiness assessments
Coder and non-coder training
AHIMA-approved ICD-10 trainers

Bringing Precision to the Process
At iMedX, we understand the growing complexity resulting from the changes in healthcare coding requirements. We can help by ensuring that your receivables are not negatively impacted by any coding delays.

Our Coding Services Cover:
- Same Day Surgery
- Inpatient
- Clinics
- All Ancillary Departments
- Acute Care
- Observation
- Emergency Department
- Home Health & Hospice

The training time and learning curve required by ICD-10 will require a trusted business partner to keep the unbilled accounts in line with your goals. Prepare in advance, and partner with iMedX to secure resources that will flex with your needs.

Learn more about iMedX at imedx.com or give us a call at 404.418.0096
CODE YOUR WAY BEYOND ICD-10

Do you know how ICD-10 will impact your coders’ performance? What should you expect through 2016?

You can find out.

IOD gives you visibility into your current coding performance — and empowers you with the information you need to act by offering:

- Inpatient & Outpatient Coding
- Outsourced Coding
- Coding & ICD-10 Training & Education
- Coding Gym
- Performance Analytics & Benchmarking

Time’s running out. What’s your game plan?

* "ICD-10 CONSULTING: ROADMAP TO A SUCCESSFUL TRANSITION." DECEMBER 2012.
Keep using your current ICD-9 software and keep getting paid.

It is no surprise that Diagnosis Billing Codes are changing — upgrading your Billing System to ICD-10 can be costly.

Are you ready?

We have a simple, cost-effective solution that will ensure that you keep getting paid in the upcoming ICD-10 environment while using your current ICD-9 Medical Billing System. No need to upgrade your entire system to ICD-10 — until you're ready.

FOR MORE INFORMATION

Visit our website at PDMG.com to see how you can keep getting paid while using your current ICD-9 Medical Billing System.

Be ready with PDMG

KIWI-TEK™ The Coding Authority
You’ve got to draw the line somewhere.

ICD-10 has been drawn out until October 2015. But that doesn’t mean you should lie around waiting until then. Take advantage of the extra time and improve your cash flow by getting proactive with your revenue cycle. Discover how MedData can help your organization boost revenue from patient payments by 50%. 

CALL TODAY! 800-835-7474
Anxious About ICD-10?

Provider-Proven Results

Ovation Coding Services is built on the foundation of continuous quality improvement and combines Outsourced Coding, Quality Audit Services and Intelligent Coding Analytics to create the ultimate coding solution. The result is zero coding backlog, guaranteed quality, reduced costs, and eliminates worry over coding resources, or shortage-driven cost increases.

- **Outsourced Coding**
  2000+ dedicated FTE coding team
  4 million+ charts per month | 48 hour turnaround

- **Quality Audit Services**
  Ensure completeness of coding and assignment of proper codes

- **Intelligent Coding Analytics**
  100% automated analysis of every chart

Developed, implemented and tested at UPMC revenue cycle operation. Ovation’s services automate manual processes, streamline workflows, and ensure healthcare providers are paid quickly and accurately.

We Code with Confidence.

Still searching?

The majority of the really important pieces of clinical information, the ‘needles’, are lost in the free text ‘haystack’.

RecordsOne created the v6 Platform for CDI, Coding, Quality, Research, and more...

We help you find the needles!

✓ Clinical evidence without a corresponding diagnosis
✓ Diagnosis without supporting clinical evidence
✓ Diagnosis lacking proper specificity
✓ Change in diagnosis affecting Quality

ICD-10 Coding Made Easy
Requires no knowledge of ICD-10 CM codeset.

» Try the only pictorial coding workflow tool

» Developed by The Orthopaedic Center’s trauma surgeon Brian Scholl based on clinical residency coding training

» Cuts code lookup time from 3-5 mins to 30 seconds!

» Adds additional must codes to picklist as you select base code

» Avoids reimbursement snaggles with coding workflow routed to most specific code

» Export codes directly to any EHR, PMS, Coder

Available in: PC, Web-based, iOS, Android Phones and Tablets
Available for: Orthopedics, Neurosurgery, Physical Therapy, Chiropracty, Ophthalmology, Optometry, Emergency Medicine, Urgent Care, Family Practice

The tool doctors have been asking for!
