INFORMATION MANAGEMENT
at its most human

Northwestern’s Online MS in Health Informatics

Offered in partnership with Northwestern’s Feinberg School of Medicine, the online MS in Health Informatics enables healthcare, business and IT professionals to harness the power of information management technology to transform patient care. Expertise in informatics will make a difference for you, your organization, and the patients you serve. And you’ll graduate prepared for healthcare’s most future-ready, growth-oriented sector.

Apply today — applications are accepted quarterly.

HEALTHCARE INFORMATION IS CONSTANTLY EVOLVING

and as it does, organizations will rely even more on the experts who can turn that data into insights.

At Rasmussen College, you can become one of those experts in as few as 18 months* with a Bachelor’s degree in Health Information Management. Taught by industry-experienced faculty, this CAHIIM-accredited online program even includes hands-on training and built-in RHIA exam prep, so you can be confident in your skills from day one.

Learn how to advance your HIM career at rasmussen.edu/HIM.

New to healthcare? Try programs in Medical Billing and Coding or HIT.

Visit rasmussen.edu

The online Health Information Management (HIM) Bachelor’s degree program at Rasmussen College is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM):
233 North Michigan Avenue, 21st Floor, Chicago, IL 60601 | 312-233-1100

*Completion time is dependent on transfer credits accepted and courses completed each term. See rasmussen.edu/SID for information about our graduation rates, median debt of students who completed the program and other important information.
LIU Post

LIU Post offers a 129-credit BS degree in Health Information Management program and a one year 30-credit online HIM certificate program designed for career changers and other health care professionals to earn the RHIA credential. Both programs offer a course of study that prepares students to monitor and manage systems critical to institutional operations and patient care. The HIM programs are accredited by CAHIIM and adhere to the American Health Information Management Association (AHIMA) standards, offering engaged learning through AHIMA Virtual lab.
